February 2010

Dear Montessori School of Middleburg Family and Friends,

It is with great pleasure that I announce plans for a Montessori School of Middleburg Elementary Program. Offering Montessori Elementary to our community is fulfilling a long held dream to give our primary children all of the benefits of a continued Montessori education. While much still needs to happen, our hope is for this new classroom to open in the Fall of 2010.

Our goal in adding a not-for-profit Montessori Elementary to the current Montessori School of Middleburg is to offer the community the best possible elementary education at a reasonable price. We plan to continue our fundraising efforts through Friends of Montessori School of Middleburg which raises money to offer scholarships to those in need. Currently we offer two scholarships per year and hope to add two additional scholarships per year.

Location and funding for growing Montessori School of Middleburg are challenges we are focusing on immediately. Because we see this as a part of our future, we wanted to offer each of you some detailed information about Montessori Elementary as it has been a vital part of Montessori education for over 90 years.

Thank you so much for helping us expand and offer Montessori education in our community. As Montessori School of Middleburg flourishes we feel proud and blessed that the Primary Program has been a part of our community for over 35 years and continues to provide the best possible environment for our most precious resource, our children.

We are welcoming interested families to participate in a committee which is bringing this to fruition. We welcome you to become involved. *We have included a survey and ask that you return it as soon as possible* to share with us your thoughts or questions about Montessori Elementary as it pertains to your family.

BethAnn Slater
Directress
